

Pizza Klatch

Support for LGBTQ+ Youth

Klatch Sponsorship Guide

Hello from Pizza Klatch!

The pandemic years have been extremely tough on so many. Though the youth we serve needed support more than ever, the number of students we were able to reach online during the first years of COVID, were few due to video chat burnout, or discomfort due to unaccepting family in their homes. For some LGBTQ+ youth, being at their school campus amongst peers and/or attending Pizza Klatch is the only place they can truly be themselves.

This is why we were thrilled to be able to work with participating schools' COVID protocols to return to in-person support groups with students in 2021 and not unsurprisingly saw a huge increase in attendance in all klatches. As we adjust to a new, new normal once again, we are working to accommodate increased attendance along with maintaining our online gaming groups. This means we are in need of updated resources, training and new volunteers and of course, more pizza. In addition to those needs, we will also be starting in a brand new school as well (Gravity Learning Center, Olympia) and are in discussions to expand to yet another school in 2022-2023. This will put us in potentially 16 public high schools and 1 middle school in Thurston County for the school year of 2022-2023.

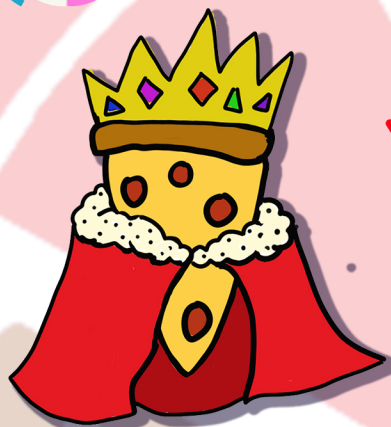

This is where you come in! For the first time ever we will be seeking klatch specific sponsorships where your money goes directly towards volunteer and staff training, much needed resources and of course PIZZA for individual klatches at individual schools! Sponsors of a certain klatch will be recognized for the duration of your sponsorship both on our website, social media and in all our annual newsletters. That means that our students as well as our community will know that your support is what made that very group possible!

Whether or not sponsorship is right for you, thank you for reading more about Pizza Klatch and for your interest in supporting the LGBTQ+ youth of Thurston County. Together we can work towards a school system that will be a positive and supportive space where LGBTQ+ youth are free to learn without violence, harassment, discrimination, suicidal ideation or self-harm.
